@EVargasTV Are you doing a 2019 season of Cults and unusual beliefs? I have material on a very dangerous "messiah" who comes to NYC and LA, sexual pervert. Lawsuit is going now in Ireland. Any possibility to connect with you? @EVargasTV

**Subject:** What kind of Messiah will kill people for his own karmic benefit. Decided consciously to kill the souls just to make his life easier, and became happy! It's more than Lucifer, it's an alien without soul! Filthy O'Neill! My whole family is smashed, there is no salvation anymore because of this filthy ignorant nothing. It's a horror that this alien is indifferent to others! Lying Bastard killing people's souls for his own benefits! Giving birth and developing stages of devilish staff! Infecting people with them! How I hate the cults!!

**Subject:** I'm working hard as a doctor. I don't want to have any troubles at night, it's been like a brainstorm against witchcraft of the highest degree. Please let's make peace starting with this day of your birthday. Release my daughter of all the witchcraft troubles she needs to face, take your hand off the students who need to hide from social activities, who you control. Please let all your dispensation for your birthday go for peace. You are given gifts of energy by brotherhood which should go for peace, this is God given world, not your "I don't care" world, I am first here". I'm sending you peace

**Subject:** I do t believe the white Brotherhood could permit you to terminate people' s souls, it's all your lies against us, you didn't have to take this contract. Our lives are in service, my daughter want to serve the elderly and you cut her off. Stop the violation of the universal laws, it can't be spirituality. It can't come from masters of the brotherhood. Peace has to come!

Let this day be a new beginning of real 5 values, nonviolence and peace. I want everyone to join me in this prayer. Let be no horror but only peace to everyone in the world! Stop pretending, be this even one love, truth, peace. My daughter is crying, you blocking our life . Please be what you say you are, a positive force in the world, not a very very opposite. I believe in a human value for each person

**Subject:** How is it possible to join the brotherhood by taking all the energy given to another person? It's robbery, sins and cruelty and i would never joined any movement together with a people who are under such control and wants to get into the brotherhood by any price. How is it hell possible?? To behave behind the walls as in worst cults with sexual misbehavior, harming others? I'm ashamed I have been part of it

**Subject:** who is still taking the BS course where he damages people's minds. It will be in the news what's O'Neill is managing behind the closed doors, many people are damaged severely beside his bemused smile and angry emotions. It's real!!!Many technologies to invent to protect from him. Plays with all the frequencies, is it within the law??The brotherhood allows him to destroy people instead of helping from the first moment of his many fatal mistakes? So many

have suffered demonic event not known to private people to an enormous essential. Don't give away your minds and souls, the documentary is coming out with all who suffered that love monster. It will all be in the news soon together with his young student boys sexual abuse, whom he tries to destroy now to avoid the process. Destroys our brains and activated parts of them, the whole brain will be dead. Horror beyond human understanding. He's not only horrible sexual pervert as any cult leader but much more! We all are in big danger to expose him.
